World Class Fly-Fishing

- Atlantic Salmon
- Brook Trout

The fishing trip of a lifetime awaits at Arluk Outfitters!

Home to 66% of North America's Atlantic Salmon rivers, Newfoundland is a world class fly-fishing destination. Arluk Outfitters' remote fly-in sites offer stunning scenery and pristine waters with very little fishing pressure.

Formerly the site of the great Lee Wulff's personal tilt, Arluk Outfitters' Main River Lodge offers both dry and wet fishing from several prime pools right outside your door.

For those who enjoy a little more adventure, Caribou Lake is the site for you! Here you can access even more remote locations via boat and a hike through scenic terrain.
